

Lee: These watermelons are huge! Twice the size of ones in China!

Ken: They're really cheap, too. It seems produce is all cheaper and bigger in America. Really a good deal.

Lee: Yeah, and... Oh my god!!

Ken: Keep your voice down! You are embarrassing me! What is it?

Lee: The cereal! It's one of my best favorites!

Ken: Frosted flakes? I didn't know you liked it.

Lee: Look, they have cereal with marshmallows, cereal with peanut butter and chocolate...

Ken: Isn't this one just a box of cookies?

Lee: It's cereal, and you pour milk into it!

Ken: It doesn't look very healthy though.

Lee: Maybe not, but this is vacation! Stay here while I go get another shopping cart!

Ken: You want more!? Give me a break!

Lee: Just a little bit more... OK, I've got enough!

I gotta ask where the checkout counter is!
